Introduction.

The document CHRONOLOGY by Helen Jones and authorised by Judith Griffiths, authorised by Gerald Meehan, authorised by Steve Robinson and lied about by Mark Palethorpe to MP Andrew Miller –

- is one of the most astonishing documents in the history of criminality, corruption and abuse.

The document is reproduced here with inserted notes and comments in red typeface.

Not only is the document remarkable for the people above who had the temerity to produce it and it's contents, but the people who had it in court for months beforehand stood by and supported this document -

Alan Rawlinson – the children's guardian, who in desperation to agree with the CHRONOLOGY, actually stated under oath that a penis forced into a child's mouth was not rape or sexual abuse.

Gary Hogan, the children's court appointed solicitor was obviously not acting in the best interests of his clients the children.

Judith Griffiths in court to support the document she approved.

Helen Jones lying under oath about the start date of the CHRONOLOGY, and admitting she refused to consider police reports of sexual abuses of a child, and even sniggered at evidence of the child abuses.

The local authority's solicitor.

The local authority's barrister.

ALL of these people lied, perjured and covered up child abuses and crimes.

Summary of what the CHRONOLOGY shows.

The document is extreme evidence of perjury, negligence and deliberate lies –

1. smearing of the children - so they will not be believed,
2. smearing of Mr Dobbie - to make him seem unfit for responsible fatherhood,
3. smearing Mr Dobbie - making him supposedly mentally ill
4. covering up recorded protracted physical assaults - on the children by mum,
5. covering up recorded emotional abuses – on the children by mum,
6. covering up a serious sexual assault on a child – recorded by police
7. covering up sexual approaches to Aurora - by Ken Redman,
8. covering up a physical assault on Orion – by Ken Redman
9. extensive invalidation of the children - by their mother
10. extensive invalidation of the children – by Ken Redman
11. extensive invalidation of the children – by mum’s few new friends,
12. extensive invalidation of the children – by social workers.

The IN THE HIGH COURT OF JUSTICE, CHESTER DISTRICT REGISTRY

CHESHIRE WEST AND CHESTER COUNCIL – V – DOBBIE

CASE NO: EQ12C00115

CHRONOLOGY NO.1

Date	Significant Event
July 2010	Avril made an allegation of physical assault against Thomas Dobbie, Thomas Dobbie was arrested. This was later appealed successfully.
Added Comment	<p>1a. The Chronology starts in July 2010 and avoids extensive reporting of events before this date.</p> <p>1b. Helen Jones when questioned by the court said the report started in July 2010 because that's what her computer system allowed her to see.</p> <p>1c. Helen Jones reports events from a document by Dana Murray, which refers to a report by Caroline Harley in 2009 about domestic violence by mum on the children.</p> <p>1d. Helen Jones acknowledged to the court she had read the 2009 report.</p> <p>Complaint 1e. Helen Jones deliberately mislead the court by starting her chronology in July 2010. Perjury.</p> <p>Complaint 1f. Helen Jones does not report that Mr Dobbie reported an assault on Orion Dobbie on the above date to both the police, the health services and social services. Mr Dobbie reported that Mrs Dobbie had been assaulting her toddler and Mr Dobbie stopped her.</p> <p>1g. The Crown Court transcription of the judges summing states "Now this all blew up on an occasion when in the middle of the night the little boy started being difficult wanting a drink. There was for want of a better phrase a bit of a row about this, it ended up with the appellant going into the bedroom, confronting this situation, his wife was on the bed with the child either trying to restrain the child or holding the child forcibly as he suggests, he threw the bed covers back and she kicked him and her foot made contact with his chin. He then pushed her to the face and it would appear that within a short time the situation had calmed down, there was no further violence of any kind that night.</p> <p>...</p> <p>The defendant, the appellant, is a man of good character and we are conscious that that means that we might be more likely to believe</p>

	<p>him on his evidence than somebody who is not and that we may ask ourselves why should he do something like this, i.e. attack his wife criminally at his stage in life, with a good job and many people who speak very highly of him. His explanation is that what he did by pushing her away was doing no more than what he considered was reasonable in all the circumstances in order to release his child who he considered was being unlawfully and incorrectly chastised by her in the circumstances.</p>
26.7.10	<p>Heath visitor contacted the department to advise she had seen a lump and bruise to the side of Avril's head, following the alleged assault.</p>
Comment	<p>Complaint 2a. Helen Jones leaves out all the previous reports saying Mrs Dobbie was having trouble with the children, that Jean Davies had been talking to Mrs Dobbie about her needing mental health support and the 'on and off' use of anti depressants. A lump was described that would have needed hospital attention and x-ray. No hospital was attended, no medical records, no photographs. Children and family friends say there was no lumps to be seen. This is Helen sexing up the report to make Mr Dobbie look bad and get sympathy for 'the poor ultra compliant woman' who Helen was palsy with. Perjury again.</p>
02.08.10	<p>Following Thomas Dobbie showing the social worker, Dana Murray, a photo of a leg where there was a red mark and alleged that Avril had caused it, she went to visit Aurora and Aurora stated that on one occasion about a year previously her father had smacked her however no one else had ever done so.</p>
Comment	<p>Helen and Dana Murray know of the previous Caroline Harley report and Mrs Dobbie's reporting of her own violence and abuse. They know Mrs Dobbie had herself reported hitting the children leaving marks. The situation is worse, because they know that Aurora is in a "Hostile" environment Dana reports what she knows is not true. Smearing and perjury.</p>
26.08.10	<p>Dana Murray went to visit Aurora whilst in the care of her father due to further allegations of physical abuse by her mother by Thomas Dobbie. Aurora changed her version of events given on 2nd August, she now states that her mother had smacked her and her father took a photo of it. Aurora stated that she didn't like being drawn into her parents' conversations.</p>
Comment	<p>4a. Helen Jones misses out that Mr Dobbie reported the children as upset, agitated and not wanting to return to mum's house during first contacts. Social services responded with a letter from their legal department stating that Mr Dobbie should not report anything to him. Complaint 4b. Helen Jones omits information showing the children are distressed at</p>

	<p>mum's house and want to stay with dad. Complaint 4c. 4b. Helen Jones omits Dana Murray saying that Aurora told her that mum had smacked her lots. Complaint 4d. Helen Jones misses out that Dana Murray told Aurora she did not believe her about the photograph. We are now running into social workers invalidating Aurora.</p>
16.03.11	<p>Aurora alleged that a 9 year old male child had tried to encourage Aurora to 'do stuff with him' alleging sexualised behaviour. Following a joint investigation it was concluded that no actual sexualised behaviour took place and Avril Dobbie was able to place appropriate protective factors in place to ensure the safety of her children.</p>
Comment.	<p>Police reports confirm Aurora was sexually assaulted. Why has Helen Jones deliberately lied ? All the way through to the court admission in 2013, social services and Mrs Dobbie report nothing. There are no records, comments – anything. Helen Jones statement here contradicts even the court 'perverted admission' in 2013. Helen has lied in the most unbelievable manner Mrs Dobbie had covered up numerous previous attempts of sexualised assaults by her friends son on Aurora.</p>
June 2011 Wrong date.	<p>Local Authority completed a section 7 report and recommended full residency to Avril Dobbie. However the court were of a mind to pace the children in the full time care of their father, following the hearing it was agreed that there would be Shared residency.</p>
Comment	<p>Helen Jones does not explain that the only reason the section 7 recommended the children stay with mum was 'to keep the status quo'. See Complaint VS See Complaint HJ</p>
Completely missed.	<p>Children refuse to go back to mum. Mum is living at the house dad paid the mortgage on for 20 years. mum stole possession of the house by lying to the police. After assaulting Orion and dad, mum phoned the police saying she had been assaulted. In following the highly discredited Duluth policy, social services and police blame all domestic violence and abuse on men. This was the real start of the abuses, criminality and spiralling crimes to cover up by Cheshire police and Cheshire West and Chester. The children refused to go back to mum. The children were commented on and reported as wanting to be with dad by different professionals. The psychologist Tom Billington reported both children saw dad as the most important person in their lives. He also reported the fears of Aurora about Redman and Orion about his mother. Not surprising given the hammerings she had given the children. CAFCASS got involved and reported the abuses had received from her mother. Aurora in particular was terrified of Redman and had witnessed him a number of times going through the back fence at night to get into the house mum and the children were in. Aurora</p>

Date	Significant Event
	<p>frequently heard them having noisy sex. Redman also shouted and bullied Aurora as well as grabbing Orion by the neck and dragging him upstairs. He downloaded pornography onto her tablet computer. He was always leering and leeching at her. He even forced his way into Aurora's room to watch her getting dressed.</p> <p>Redman was sleeping in the house overnight without being seen at the front door. He was a nocturnal activist.</p> <p>Redman moved fully into the children's house early in 2011, but Mrs Dobbie and Redman kept this from social services. Mrs Dobbie threatened Aurora not to tell anyone, and had promised Aurora she was getting rid of Redman.</p> <p>Aurora told of Redman and mum sitting drinking in the living room and refusing to let Aurora into her own house because she had just come from dad's house.</p> <p>All of these incidents, Helen Jones refused to let the police interview the children about.</p> <p>Aurora made blogs about the abuses. Helen Jones told DI Nigel Parr there was nothing interesting. Nigel Parr couldn't even access Aurora's blogs.</p> <p>CAFCASS reported some of these abuses and recommended to the court that the children stay full time with dad. They also recommended mum get mental health treatment because of the nastiness of some of mum's violence – like holding Aurora down and spitting in her face. READ THE REPORT.</p> <p>ALL of this, Helen Jones et al miss out. !!</p> <p>Perjury, smearing, evidence hidden.</p>
04.07.11	<p>Referral made by Avril Dobbie to social care due to Thomas Dobbie not ensuring the attendance of Aurora to school and she was concerned that Orion would also begin to miss school.</p>
Comment	<p>Helen Jones misses out all details and reports about why this happened. She omits that Tom Dobbie had given details of more abuses to Aurora by mum and Ken Redman and that it was Aurora who refused to go back to mum's and she was terrified to go to school in case mum or Ken kidnapped or hurt her.</p> <p>Helen has been totally dishonest in presenting only this statement. Perjury yet again.</p>
01.08.11	<p>Thomas Dobbie made allegations of physical abuse against Avril Dobbie and also that Aurora had witnessed Avril and her 'boyfriend' Ken Redman having 'sex'. A joint investigation took place and Aurora admitted that she may have seen her mother and her boyfriend in the bedroom when she had been told not to enter, however did not make any allegation of having witnessed any sexualised behaviour or that she had been physically abused by her mother.</p>
Comment	<p>See Aurora letter to Judge. Aurora told them she had sneaked down and seen them having sex. Helen Jones omits what CAFCASS reports.</p> <p>Again, Helen Jones knows of this, has lied and perjured the court.</p>

Date	Significant Event
07.10.11	Child in need meeting was drawn to a premature close due to Thomas Dobbie being obstructive and presenting as aggressive during discussions.
Comment	Tom Dobbie asked for transparency and honesty which was refused by SS and meeting halted. Helen lies and perjures court again
29.10.11	Avril Dobbie was refused contact with her children by Thomas Dobbie. Avril sought legal advice.
Comment	Why does Helen not explain the background which shows reported abuses to the children by mum? Perjury, smearing.
02.11.11	School staff reported that Aurora had attended school and stated that she was 'frightened' as it was her mother's turn to pick her and Orion up from school however her dad was going to pick them up; she was worried that this was going to cause a 'fight'. Staff sought legal advice, they were not to allow the children to go with Thomas Dobbie and adhere to the agreed plan within court. Thomas Dobbie turned up at school and gave a choice of the school allowing him to take the children or he would stand and wait in the playground. School advised that neither choice was acceptable. Eventually Thomas Dobbie agreed to leave.
Comment	This is not a true record of events. see history in Complaint to LA. Perjury again.
17.11.11	Child in Need meeting, all professionals agreed that a Child Protection Case Conference should be requested due to the increasing concerns regarding the children's emotional and physical welfare.
Comment	Nice and vague – to be interpreted any way anybody wants.
18.11.11	CAMHS contacted the department to inform the social worker that Thomas Dobbie had not taken Aurora to an agreed and confirmed appointment.
Comment	Letters from CAMHS confirm this is lies. Helen Jones just adding things to smear Mr Dobbie.
21.11.11	School staff informed the department that both children had been upset in school. Orion was requesting that he returned to his mother's home and was distressed when his father wanted to take him home, however eventually left school with Thomas Dobbie. Aurora had been upset and stated that she was upset about 'the divorce'. Aurora also stated she was 'afraid of saying the wrong thing' and therefore did not like anyone asking what she would like.
Comment	Orion had explained mummy promised him presents and going out. This was documented. Helen re writes the incident to make dad look bad. Helen is smearing and perjuring yet again.
22.11.11	School staff reported that Orion became distressed again when Thomas Dobbie arrived at school and again stated he wanted to go home 'with my mummy'. Helen Jones knows everybody is reporting that Orion and Aurora want to live with dad. This is her feeble attempt to smearing. If what Helen Jones reports here is true, then how is it reconciled with reports from Tom Billington etc. ?

Queens Bench Claim B90MA438 Evidence concerning child abuse carried out and allowed by Cheshire West County Council

Date	Significant Event
Between Jan 2012 and March 2013	<p>The department have received approximately 155 emails which contain varying levels of accusations, allegations and complaints of abuse against himself and Aurora and Orion by social care, police, the court and in particular Mrs Dobbie. Majority of which are regurgitation of incidents that took place historically and have been investigated and addressed.</p> <p>The list of complaints has never been investigated and addressed. This is a lazy social worker trying to cover up without even showing any details.</p>
06.02.12	<p>The department was informed of an incident where Aurora had left her father's home inappropriately dressed when going to her mother's home for a contact. Avril Dobbie responded by taking photos of Aurora and then asking her to go back into Thomas Dobbie's home and change, Aurora came back out a second time wearing the same clothing. Avril Dobbie again asked her to change, this time Avril followed Aurora to the home and alleges that she saw Aurora on the floor crying with a female adult, believed to be a family friend, who appeared to be restraining Aurora, again Avril Dobbie took a photo of the situation.</p> <p>Consequently Aurora stated that's he was 'afraid' and did not want to see her mother.</p> <p>Helen Jones has the same psychopath talents as Mrs Dobbie. She has taken an abusive incident and completely reversed the roles of victim and perpetrator.</p> <p>This is unbelievable. Barbra Goldsmith was furious with Mrs Dobbie for terrorising Aurora into a fit.</p>
06.02.12	<p>Avril Dobbie sent an email to social care and CAFCASS raising her concerns regarding the impact that Thomas Dobbie's mental health is having on Aurora's long term emotional welfare.</p> <p>Mrs Dobbie – recommended for mental health treatment 2009. Mrs Dobbie – recommended for mental health treatment 2010. Mrs Dobbie – recommended for mental health treatment 2011. Mrs Dobbie – concerns from psychologist about her allowing her children to be abused.</p>
06.02.12	<p>Thomas Dobbie sent emails to school, social care and CAFCASS informing them that Aurora had suffered three 'severe panic attacks', consequently he was keeping her off school.</p> <p>Aurora had 'fits' through much of her life. They were responses to her mothers cold abusive ways. Aurora was scared about leaving the safety of her dad's house. Helen Jones and Alan Rawlinson avoided the obvious – that she was scared because she had been abused. The obvious did not help them pretend that social services had not been negligent. So, they followed the highly discredited PAS route, that were the criminal courts to follow suit, our prisons would be filled with the victims of crime.</p>

Date	Significant Event
17.02.12	<p>CAMHS informed the department that the case had been closed in regards to Aurora due to a lack of engagement by Thomas Dobbie.</p> <p>Helen lies again trying to find any reason to make Mr Dobbie look bad. Read the letter by CAMHS.</p>
22.02.12	<p>The family's GP, Dr Kingston, informed the department of her concerns regarding the impact Thomas Dobbie's approach to Aurora, being more like an equal, discussing adult issues with her, rather than a father, daughter relationship is having on Aurora's emotional welfare.</p> <p>Dr Kingston also had no idea of Aurora's fits or indeed of mum battering the children.</p>
14.03.12	<p>Avril Dobbie contacted the department to raise her concerns regarding Aurora's lack of school attendance since being in her father's care. She explained that Thomas Dobbie alleges Aurora is not sleeping well and therefore allows her to remain off school.</p> <p>Helen only reports Mrs Dobbie's words without any thought. They are designed to make Mr Dobbie look bad.</p>
16.03.12	<p>Legal Planning Meeting held, agreed to progress to court proceedings.</p>
29.03.12	<p>Change in social worker – Andrea Blears is allocated worker.</p> <p>No mention of Andrea's first ever words to Mr Dobbie. " I'm Andrea Blears and you will do as I tell you or I will take your children off you ". Complaint to Cheshire West. Not answered like all the other unanswered complaints.</p>
14.04.12	<p>Avril Dobbie contacted the department raising her concerns regarding Thomas Dobbie's mental health and the impact on the children as according to Aurora he had discussed depression and suicide with her.</p> <p>No interview with Aurora. The same old route; any attempt to smear Mr Dobbie by reporting what Mrs Dobbie says.. This is the psychopath relay game.</p>
11.05.12	<p>CAVA report – Ken Redman informed the police that Thomas Dobbie was making derogatory and harmful remarks about him in front of Aurora and Orion.</p> <p>CAVA says lots of things. Why the one sided version by Helen Jones ? The CAVA also said that Mr Redman told the children he was going to hurt their father with a baseball bat. Mr Redman and Mrs Dobbie had social services taking Mr Dobbie to court to try and force Mr Dobbie to retract that Mr Redman had first been called a pervert by Mrs Dobbie. Three courts agreed it was Mrs Dobbie who had first called Mr Redman a pervert.</p> <p>We now have a tag team of Mrs Dobbie and Mr Redman getting</p>

Date	Significant Event
	<p>social services to report and say what they want.</p> <p>Mr Redman's last abusive act to date was reporting to Cheshire police that Mr Dobbie had " possibly made a sinister laugh .." while getting his prescription from Hope Farm Surgery. On that basis, Cheshire police arrested Mr Dobbie and put him in Blacon custody suit yet again. On this occasion Cheshire police had to take Mr Dobbie to hospital as his heart was at 40bpm. After interviewing Mr Dobbie Cheshire police concluded that having a possibly sinister laugh was not a crime. IPCC and PPS are investigating this and many other things.</p>
13.05.12	<p>CAVA report -Information received from the police following an allegation by Ken Redman that Avril Dobbie had received derogatory and inappropriate texts from Thomas Dobbie. It seems that under investigating this further Thomas Dobbie made allegations of possible sexual abuse against Ken Redman with regards to Aurora. It is also recorded that on Thursday 10/05/12 Aurora came home from school and told Avril that Thomas Dobbie had said 'Ken was going to abuse her and try to have sex with her'. She also told Avril that her friend, who lives across the road, had told her that 'Ken had already abused her'.</p> <p>This is bizarre. It is not in the police CAVA. Helen, Andrea , Mrs Dobbie and Mr Redman are off on a feeding frenzy. They have told so many lies they don't know what is going on.</p>
14.05.12	<p>The department received the following email: <i>Dear Kevin, Andrea, et al, (& fax copy to David Whatton, Chief Constable of Cheshire)</i> <i>This whole business about my children's safety seems to be yet again low priority for social services.</i> <i>Can you please inform me as to the safety of the children.</i> <i>My concerns went through the roof at the start of the weekend. The school incident has triggered a lot of things, many of which have been reported before.</i> <i>Two further parts have been bothering me:- 1. Aurora is now complaining of an anal fissure - at 10 yrs old ?</i> <i>2. Both Aurora and Orion have been sitting in legs splayed positions around the house - like a sexual act.</i> <i>Given that we already know from Aurora that Mrs Dobbie and Ken Redmond have been less than discrete in having sex while the children have been in the house, I really am concerned.</i> <i>I put it to you that these children are being sexually abused.</i> <i>Can you please explain what is being done to protect these children?</i> These allegations were investigated; there was no evidence to support such allegations. Due to concerns regarding the safety and emotional welfare of the children following such allegations Avril Dobbie returned the children to her home</p> <p>It was school who reported to me about the unusual sexual poses. Again, we have the Chinese whisper trail of Anrea, Helen Mrs Dobbie. There objective was to 'capture' the children and they succeeded. Andreas words come back to haunt me even now ..." I'm Andrea Blears and you will do what I say or I will take your children off you .."</p>

Queens Bench Claim B90MA438 Evidence concerning child abuse carried out and allowed by Cheshire West County Council

Date	Significant Event
16.05.12	<p>Police were called to Avril Dobbie's home due to Thomas Dobbie having presented outside the property in a very agitated state and refusing to leave.</p> <p>The court appointed time for the children was with dad. Mrs Dobbie and Andrea Blears organised this kidnapping. I was only told the children had been kidnapped with the approval of Andrea Blears when I got to the school to pick the children up. The children's house was on the normal route home from school – I am on a pushbike. The children were jumping up and down at the windows and waving to me. Then their mum angrily moved them to the back rooms. Notice Helen's amplification "very agitated state "</p>
17.05.12	<p>Avril Dobbie attended the office to discuss her concerns regarding the children's welfare. She explained that Aurora frequently informs her that she 'struggles with who she can trust as her "dad talks about all this stuff and I wish he would move on". Avril explored this further with her and she informs that she had concerns that her Dad was talking about his mother's relationship and she was tired of hearing this'.</p> <p>Yawn. Let's trash Mr Dobbie . A short script by Mrs Dobbie, Andrea Blears, Helen Jones.</p>
23.05.12	<p>Court hearing – The Local Authority requested that due to the level of concern by all professionals involved the children be placed in the full time care of Avril Dobbie. The court did not agree the change in care plan and therefore the plan remained shared residency.</p> <p>This was before the very good Judge Dodds in Liverpool. I was litigant in person. Almost all of the trial was Judge Dodds telling off social services. He spent about 5 minutes discussing with me. Judge Dodds concluding remarks were to tell social services to try a lot harder. He was meaning to be decent and honest. They took it the wrong way and got more corrupt and criminal.</p>
04.09.12	<p>Both children were seen and spoken to following a further allegation of possible physical abuse by Ken Redman made by Thomas Dobbie. Neither Aurora nor Orion corroborated the allegation made by Thomas and stated that they had no worries re Ken. They were observed chatting and having an amicable relationship with Ken Redman.</p> <p>See Emails 12 08 31 onwards for an explanation of the increase in hostility and abuses by mum and Ken Redman.</p>
09.11.12	<p>Aurora was taken to see a GP, Dr Lewis, following Thomas Dobbie stating that Aurora had a 'fit'.</p> <p>Aurora was seen to be clinically Ok, she had not had a stroke, her alleged fits appear to be linked to her morning routine. Mr Dobbie had informed that one side of Aurora's face was slumped and she was slurring her words.</p> <p>Mr Dobbie informed that Aurora did not have the "fits" during the</p>

Date	Significant Event
	<p>summer holidays.</p> <p>Aurora had these 'fits' since childhood. There is a video of mum shouting at Aurora during one of these. The video was done to show the doctors, as I have never seen so much confusion. Andrea Blears described herself as an expert and said Aurora never had fits. Dr Kingston didn't believe in them and refused to look at the video. Helen Jones proclaimed herself a GP, a psychiatrist and many other things and refused to believe in the 'fits' – apart from saying they only happened at dad's house and were dad's fault.</p>
15.11.12	<p>Court Hearing – Interim Care Order granted. Both children placed in Avril Dobbie's care. Supervised contact to be arranged with Thomas Dobbie.</p> <p>Dreadful two hearings in Liverpool. Andrea Blears told lots of lies, Alan Rawlinson (the man who said it was ok for a penis to be forced in a child's mouth) said it was necessary Aurora should only reside with one parent, and it had to be with mum because Aurora was happy to go home with mum on another occasion. Rawlinson reported Aurora hates him now.</p> <p>This was the night Andrea Blears was supervising the children being taken to their house from dad's house by Debra Dean-Chadwick. An extremely abusive incident that was reported to CWaC and they refused to answer.</p>
30.11.12	<p>Change in social worker – Helen Jones now allocated the case.</p>
10.12.12	<p>Aurora made an allegation of a teacher assistant touching her inappropriately. This was investigated by school and there was no evidence to corroborate the story and it seems that Aurora had embellished the story and given an inaccurate version of events.</p>
17.12.12	<p>Contract of expectations with regards to contact taking place within Thomas Dobbie's home was signed by Thomas, social worker and contact supervisor. Agreed contact would become unsupervised within Thomas Dobbie's home starting December 21st 2012. However the contact supervisor would continue to transport the children to and from contact so that we are able to monitor their behaviour.</p> <p>Helen Jones made it plain to Orion and Aurora that she was angry with them and dad because the children wanted to stay at dad's and not go back to mum's. She threatened to cut the contact if this persisted.</p>
19.12.12	<p>Helen Jones spoke to the children about contact moving to their father's home. She was very clear as to the consequences if they did not returning to their mother's home following contact.</p> <p>See above. Again, why does she need to forcefully threaten two children ?</p> <p>Helen knows this is all wrong, and she is enjoying bullying children and humiliating their dad. A true femnazi social worker.</p>

Date	Significant Event
04.01.13	<p>When the children arrived for contact today one of Orion's friends was there. When the contact supervisor picked Aurora and Orion up to take them home Orion seemed upset and was unhappy. It transpired that eh was unhappy as he had to leave but his friend was still present which unsettled him. Helen Jones advised Thomas Dobbie to ensure that any friends leave his house before the children and also that friends should not be at every contact as this is unsettling for the children and the time is supposed to be quality time with him.</p> <p>Helen Jones knew that it was previously natural for dad to have other children at the house and all the children took part in all sorts of educational and creative tasks. Helen wanted the dad and children isolated out of the community to spoil the contact.</p>
07.01.13	<p>Thomas Dobbie contacted the department to ask if a friend could bring Orion straight from school rather than being brought to his house by Avril. Helen Jones responded and explained that no changes were going to be made to the arrangements in attempt to offer the children stability.</p> <p>Tom Dobbie lost his family car – a top of the line S-Max – because Avril Dobbie lied about an assault and used manipulation of the police to commandeer the children's house that dad paid the mortgage on for 20 years. Having achieved this, not only were the children no longer supervised by Tom Dobbie as the primary carer (as organised by social services in 2009) to protect them, but he lost all access to his possessions and company assets – registered at the house.</p> <p>As a result of having lost the ability to protect his children, lost the entire infrastructure of the company, trying to rescue the company, and trying to address all these meetings where the entire system is man hating and criminal, the renewal of insurance documents were never received at the new house (Mrs Dobbie made a big show in front of Aurora of getting rid of dad and company mail). The result of this was the police stopped dad while taking the children to a party. They took his car away. By the time he had both searched for paperwork and contacted all the relevant authorities and got new documents ...the car was destroyed. Another victim of Mrs Dobbie. So, having no car, and if the weather was poor, a good friend who's children went to the school offered transport.</p> <p>Helen Jones knew about this . However, the femnazi wanted another way to put the boot into a man.</p> <p>Helen Jones sets out to mislead the court again.</p>
08.01.13	<p>When Helen Jones picked the children up from Thomas Dobbie following a contact Orion was reluctant to leave and was pushing the boundaries. It was a concern that Thomas appeared unable to place appropriate boundaries and used negotiation as a tool for far too long, which escalated the situation, eventually he had to physically place Orion in the car.</p>

	<p>Tom Dobbie was forced to go on a parenting course by social services. The teacher's of a parenting course commented that he was grossly too advanced for such courses. This is Helen smearing again.</p>
18.01.13	<p>All afternoon contacts cancelled due to adverse weather and the safety of staff having to be considered.</p> <p>The children had to travel 300m on a quiet estate between houses. Helen Jones ensured contact was spoiled.</p>
19.01.13	<p>Thomas Dobbie alleged that the children had been transported in the van with Ken Redman and Avril Dobbie, he was angry due to the agreement with regards to Ken Redman not being involved with the children. Helen Jones investigated the allegation and it seems this was a fabrication as Avril was in work today and the children were with their childminder, this was confirmed by the child minder.</p>
23.01.13	<p>Due to contact going well it was agreed that the children would be taken to contact however it is expected that Thomas Dobbie returns them at 6pm.</p> <p>A quiet good remark so that not all 100% of this report is negative against Tom Dobbie – only 90%.</p>
25.01.13	<p>Thomas Dobbie did not return the children until 6.45pm. Avril alerted the emergency duty social care team, they tried to contact him however were unable to. The children presented well when they returned.</p> <p>Aurora had phoned her mum and gotten permission to stay until the end of the film we were watching or 19:00; whichever happened first. Again, triva made SIGNIFICANT. by Helen Jones. .</p>
31.01.13	<p>Thomas Dobbie attended the first positive parenting session.</p>
04.02.13	<p>Court hearing. It was agreed within the order that contact would be moved to an all day contact on Saturdays. Avril will drop off in the morning and Thomas Dobbie will return the children to their home for 6pm on the Saturday. This will begin on Saturday 16th February 2013.</p> <p>They were finding it difficult to find new bad things to say about me.</p>
16.02.13	<p>Thomas Dobbie refused to return the children. Avril had to contact the emergency duty team, social care and eventually the police also became involved. The children were eventually returned late in the evening by the social worker.</p> <p>Helen misses out that the children arrived 30 minutes late. Aurora was angry and crying. There had been a fight in the bathroom and mum had drawn a toothbrush across Aurora's face. I phoned PPU, and social services. Had to email Nigel Parr and email Helen Jones as there were no replies.</p>

Date	Significant Event
	<p>Police and social workers arrived and forced a really upset Aurora back to mum's. Helen Jones and Nigel Parr parroted mum's version that 'nothing happened'. Aurora got the toothbrush knocked out of her mouth in a fight with Orion.</p>
18.02.13	<p>Helen Jones went to visit the children to advise them that due to the situation that arose on Saturday their contact would now return to being supervised at Park Family Centre again. Neither children were overly upset and soon began discussing other things.</p> <p>It is well known that Aurora hated Helen. So Helen's version above is the school bully telling us about how the other kids are happy.</p>
19.02.13	<p>Thomas Dobbie was informed that the contact would return to being supervised. However due to the short notice this could only currently be for 3 hours a week, straight from school on a Tuesday. To begin on Tuesday 26th February.</p> <p>See reports on this.</p>
19.02.13	<p>Meeting was held between parents, social care and police to discuss the issues that Thomas Dobbie has continued to insist took place even without any evidence to corroborate his version of events. Thomas accepted a lot of what was being said, especially with regards to Aurora's 'episodes' being due to the animosity between her parents, as well as being able to consider that he was taking all that Aurora said as factual without questioning how accurate that information was. He also said that he accepted that Ken Redman and Avril were not posing a risk to the children.</p> <p>The Mantra of Cheshire West criminals –</p> <p style="text-align: center;">No Evidence here , move on.</p>
28.02.13	<p>Court hearing</p>
12.03.13	<p>Thomas Dobbie did not attend contact. Helen Jones asked Thomas Dobbie why he did not attend however he has yet to offer an explanation.</p> <p>More lies by Helen Jones. She was phoned and emailed.</p>
